

Poster Session Presentation Guidelines

Poster Size and Mounting

The organizing committee will provide panel media (115 x 90 cm) for each poster presenter. Each poster presenter on Day-1 of the symposium should attach the poster materials on the panel media. There will be designated 'viewing times' during/after oral sessions or at lunch and coffee breaks, when poster presenters are expected to be available to answer questions.

Poster Style

The poster should have an A4 title page giving **brief title, authors names, affiliations** and **postal address** and **E-mail address** of all authors. The poster should be designed to simply, clearly and pictorially support two or three major points. A small number of references to published work should be included at the end of the poster.

All text should be clear and easy to read from a distance of between 1.5 to 2 m. The title font here is a suitable size.

CHECK LIST(Times New Roman 18pt, bold)

WILL IT FIT THE SIZE ?
CAN YOU READ IT FROM 1.5m ?

Please take one OHP film (transparency film) which explains your poster presentation schematically. It will be introduced by the chair.
